TERMS OF SALE

Terms of sale are cash or good check with proper ID. Cattle must be paid for prior to delivery or loading. All cattle sell per the terms & conditions of their representative breed associations. All Announcements from the block and the supplement sheet will take precedence over materials printed in this sale book.

LIABILITY

All animals and merchandise will become the buyer's responsibility as soon as sold. Sale staff, Schooley Cattle, Bloomfield Livestock and all persons associated with this sale are not responsible for any injuries or theft that may occur.

INSURANCE

Jame Secondino Krieger 812.208.0956

SALE SCHEDULE

Wednesday, February, 2nd

Cattle moved into Sale Site

Friday, February 3rd

Cattle in place and available to view all day

5:00 pm Complimentary Dinner served

6:00 pm **Schooley Cattle Co. 2023 sale**

Load out available at the conclusion of auction.

TRUCKING

Menno Bontrager	641.247.1469
Craig Kaisand Trucking	641.891.9666

REGISTRATION PAPERS

All cattle Sold as Registered will be transferred to their new owners in a timely manner. Please let the sale clerks know how you wish your purchases to be transferred.

RETAINED INTEREST

Schooley Cattle will retain 1/3 semen interest in all bulls sold. Buyer receives full possession and 100% salvage value of all bulls sold. Schooley retains one flush on each females sold. All Work done at buyers convenience & sellers expense.

BULL HOUSING

All bulls purchased may be housed at Schooley Cattle at no additional cost until breeding season. These bulls are the property of their new owners once sold and we will take every precaution possible to ensure the proper care and feeding development of these bulls. All bulls will be semen checked prior to delivery to new owner, and adjustments will be made to any bulls who happen to fail semen inspection.

HEALTH PAPERS & BREEDING INFORMATION

All cattle sold will carry a health paper for interstate travel to anywhere in the United States. Bred cattle sold have been recently pregnancy examined and all buyers have 21 days to re-pregnancy check purchases to guarantee that the cattle purchased are still safe in calf.

3 year FEET and SEMEN guarantee

We are willing to stand behind our bulls by guaranteeing 3 years of service for feet or semen issues in that 3 year span. If bull get foot rot or infection in semen then they won't qualify for guarantee. If bulls feet grow out and aren't sound for breeding or bull fails semen check then you qualify. Year 1 before breeding season you will get 100% minus salvage value towards next year bull sale. Year 2 before breeding season you will get 66% of purchase price minus salvage value towards sale credit. Year 3 before breeding season you will get 33% of sale purchase minus salvage value towards sale credit.

ABSENTEE BIDDING

Please contact the seller or auction staff to arrange for absentee bidding at least 12 hours prior to the auction in order to secure a bidders number. Live phone bidding is available throughout the auction.

VOLUME BUYER DISCOUNT

Buyers purchasing 3 bulls or more will receive 3% off total purchase.

WELCOME

Roman Schooley Family
22971 195th St Bloomfield, IA 52537
515.450.3685, Roman 716.449.4352, Gary Gabel
641.208.5442, Tyler Schooley
www.schooleycattle.com

Tyler and I and our families would like to extend our appreciation to Andrew, Matt, Eric and the crew at the sale barn assisting us this last year. You guys make it worth doing. Gary Gabel is our resident herdsman and we really appreciate all you do for us with maintaining the ranch herd. Tyler Dewitt we appreciate the assistance to Gary with daily chores. Thank you to all our customers for believing in our family and generosity towards our program. You're the best folks in the Midwest!!

Dad has slowed down some here recently because of some health issues but he still makes it into the barn on occasions. Tyler and I very blessed to still have Dad around! To our family at home we appreciate the supportiveness towards the business.

Happy days are ahead in the cattle business and your turn is just around the corner! Folks this market is ready to take off and you just as well get the genetics needed to set you apart. Your families are one of the few left to make a difference in the beef sector and to keep our way of life going as we know it. Our demand continues to grow and so does your opportunity to capitalize in your operations. As I always preach, purchase the very best and you will attract the best buyers for your cattle. On sale day you need to STANDOUT in the crowd whether it's on feeders, replacements, or fat cattle. Our genetics are sought after globally for their consistency while tying in maternal, carcass, and performance traits.

The bulls this year are bred and designed to make you more profitable period! They are all Genomically tested and developed on a high roughage ration. We are so confident in our genetics and development process we are Guaranteeing you 3 years Feet and Semen on your bulls. If the bulls aren't able to service cows because of the way we developed them we pay you back!

Bred heifers are once again pasture raised and bred to our very best proven bulls that will undoubtedly advance your maternal side. Take these females home and allow them to work for you! We have faith in all animals selling Friday night and would recommend them to anyone of our valued customers! Please contact us prior to sale time and we extend our invitation to you to come to the farm and see the cattle. Tyler and I really appreciate the business and we cherish the opportunity to work for ya. When you have calves to sell give us or Andrew a call and we'll be right out to help with all your marketing needs!

God Bless

Roman Schooley
Bred by Cattlemen for Cattlemen

QUICK REFERENCE TO ASA EPDS AND \$ INDEXES

Expected Progeny Differences (EPDs): EPDs are the most accurate and effective tool available for comparing genetic levels. In using EPDs, the difference between two sires' EPDs represents the unit difference expected in the performance of their progeny. For example, if sires A and B have EPDs of +10 and -5, a 15-unit difference would be expected in their progeny (moving from -5 to +10 yields 15 units). Key to using EPDs is knowing what units they are expressed in. For example, if the above case referred to weaning weight EPDs, A would be expected to sire 15-pounds more weaning weight than B. If calving ease were the trait, A would be expected to sire 15-percent more unassisted births in first-calf heifers; in other words, if B sired 30 assists in a group of 100 heifers, we'd expect A to require 15 assists. A percentile-ranking chart is required to determine where a bull's EPDs rank him relative to other bulls in the breed. For percentile rankings or more detailed information about EPDs and \$ indexes visit www.simmental.org. Listed below are the units ASA EPDs are expressed in:

Calving Ease (CE): Percent of unassisted births when used on heifers.

Birth Weight (BW): Pounds of birth weight

Weaning Weight (WW): Pounds of weaning weight.

Yearling Weight (YW): Pounds of yearling weight.

Maternal Calving Ease (MCE): Percent of unassisted births in first-calving daughters.

Milk (Milk): Pounds of weaning weight due to milk.

Maternal Weaning Weight (MWW): Pounds of weaning weight due to milk and growth.

Marbling (Marb): Marbling score.

Ribeye Area (REA): Square inches of ribeye.

All-Purpose Index (API): Dollars per cow exposed under an all-purpose-sire scenario. (See below for more details.)

Additional EPDs not shown in catalog:

Stayability (STAY): Percent of daughters remaining in the cowherd at 6 years of age

Back Fat (BF): Inches of backfat.

Carcass Weight (CW): Pounds of carcass weight.

Yield Grade (YG): Yield grade score.

Warner-Bratzler Shear Force (WBSF): Pounds of force required to shear a steak.

Terminal Index (TI): Dollars per cow exposed under a terminal-sire scenario. (See below for more details.)

\$ Indexes: Though EPDs allow for the comparison of genetic levels for many economically important traits, they only provide a piece of the economic puzzle. That's where \$ indexes come in. Through well-conceived, rigorous mathematical computation, \$ indexes blend EPDs and economics to estimate an animal's overall impact on your bottom line. The same technology that led to the dramatic progress in swine, poultry and dairy genetics over the last several decades was used to develop the following \$ indexes: All-Purpose Index (API): Evaluates sires for use on the entire cow herd (bred to both Angus first-calf heifers and mature cows) with the portion of their daughters required to maintain herd size retained and the remaining heifers and steers put on feed and sold grade and yield.

Terminal Index (TI): Evaluates sire for use on mature Angus cows with all offspring put on feed and sold grade and yield.

Using API and TI: First, determine which index to use; if you're keeping replacements use API, if not, TI. Then, just as with EPDs, zero in on the unit difference between bulls. (As described above, index units are in dollars per cow exposed.) The difference can be used to determine how much a bull is worth compared to another. Or, put another way, how much you can pay for one bull compared to another. For example, when buying an all-purpose-type sire, you can quickly figure a bull scoring +100 for API is worth an extra \$6,000 over a +50 bull if both are exposed to 30 cows over 4 years (\$50 diff. x 30 hd. x 4 yr. = \$6,000). A percentile-ranking chart is required to determine where a bull's index value ranks him relative to other bulls in the breed. For percentile rankings or more detailed information about EPDs and \$ indexes visit www.simmental.org.

Improved Buying Confidence with Greater Genomic **ASSURANCE**

Access to more and better information has always been key to making wise decisions. The evolution and improvement of genetic evaluation tools too has given us an ever-clearer picture of the true genetic makeup of cattle and thus a better view of the value proposition. RightMate, powered by Top Genomics LLC is taking the evaluation of genetics and genomics one giant step further. By combining specific genomic information with the long-proven value of EPDs, this new advancement in technology improves our depth and precision when evaluating the actual ability to transmit value and profit.

The 3 Accreditation Logos below are designed to simplify bull selection and improve buyer confidence by more accurately describing the genetics offered and by reducing risk. What this means to you as a customer is a much greater assurance that you are getting both what you want and need from the genetics you purchase. What it means to your seedstock provider is access to RightMate technology that simply sets them apart from the rest of the industry.

ACCREDITED CALVING EASE – Simply find bulls with the ACE logo for third party Accredited, secure Calving Ease bulls. Though we have had tools in the past to assist in choosing heifer bulls, we've never had one nearly this effective. The reduced risk that comes with this genomic certification will simply make your decisions easier and your heifer calving season more successful. Purchase special purpose ACE bulls with confidence. They will deliver consistent and predictable calving ease.

ACCREDITED TERMINAL MATE – Just like an ATM machine makes it simpler to access your cash, the ATM Logo highlights bulls accredited to generate extra cash income as soon as your next calf crop! These bulls are meant specifically to use only on mature cows and for the purpose of adding performance, pay weight and end product value to market.

ACCREDITED GENOMIC PLUS – For the majority of producers who simply need consistent and balanced genetic improvement, without genomic setbacks, G+ Accredited bulls should be on your list for premium purchase. These sires will absolutely move you forward for both cost reduction and income producing traits and substantially reduce risk when compared to all other evaluation programs. It's simple, the right genes are in these bulls to help secure a profitable future and they have great EPDs to match!

KBHR Revolution H071 BULLS

Revolution the highly anticipated young baldy bull from Keller's! We fell in love with his massive appearance and striking presence . At first glance you notice his POWER and then once you study him you see his smooth joints and nice shoulder. Very rare in Simmentals! Our partners Mertz family and I decided to hold his semen off the market and keep in herd use. This will be the first ever sons to sell this spring and we're very happy with what we're bringing to town. Revolution sired calves are longer, wider, better jointed and HEAVIER than any others! Get your hands on one of these Revolutions they will over haul your calf crop.

CLRWTR GAME CHANGER H4A BULLS

Game Changer definitely is living up to the name! We loved his Sire CDI Innovator for scale pounding weights at weaning time. We are confident in saying Game Changer calves will BLOW YOU AWAY with the shape, muscle and presence! He delivers CE, BW, YW, MARBLING. Jarron and I decided we wanted to test Game Changer out before we made him available to you. Jury still out on the availability of his semen. One thing I know is don't miss the opportunity to select a true BEEF bull from his sire group.

TJ GOLD 274G BULLS

Gold comes from a highly respected breeder in Triangle J from Nebraska. He did exactly what we were looking for in this flush to CLRS Beauty Queen 420B senior donor. Gold delivered a consistent set of brothers that excel in CE, BW, Marbling, API. If you're looking for bulls that will come easy, grow nicely, and have muscle then Gold is your guy. I'm sure someone will find a trophy here to move forward with!

OMF EPIC E27 BULLS

Epic will be at the top of the list this year in Semen sales for the Simmental breed. He delivers a very functional moderate birth weight calf with tons of vigor. Although his calves come small at birth they will run with any sire in the lineup and make Fertile bulls and females. A sire you can breed just about any type of female to get a consistent calf every time that will move you forward. By the way his daughters in production have the best udders on the farm. Epic is here to stay for the long haul, if you haven't used him you're missing a great one!!

LCDR FAVOR 149F BULLS

Favor was the lead sire for many ranchers out West last year topping sales all over the Country. One of the Many great sons of WS Miss Sugar C4 donor. Favor complements our Southern Iowa cow base really well, he adds muscle, performance, and scale pounding progeny. He calves very well and has been used successfully on heifers on the ranch. We feel he mates very well to Angus based cows that need dimension and performance. He will continue to lead the way for performance and Rib-eye here at Schooley Cattle. His first daughters are doing a nice job a first calf heifers!

SALE SCHEDULE

Wednesday, February, 2nd

Cattle moved into Sale Site

Friday, February 3rd

Cattle in place and available to view all day

5:00 pm Complimentary Dinner served

6:00 pm **Schooley Cattle Co. 2023 sale**

Load out available at the conclusion of auction.

SCHOOLEY HAGGARD A411H BULLS

Haggard was our top selling bull in 2020 to River Creek Farms Kansas. EGL Firesteel/823F son who will take over for his sire here at ranch. His mother 823F is starting to write her own story of one of the greats in the breed. We sampled Haggard on a flush and virgin heifers and he delivered some very nice calves. His boys look like bulls and his daughters will make cows. His numbers have continued to lead the way for our SimAngus program. Look for Haggard to add Phenotype, CE, YW, Marbling! He will be used much more this spring. Get in on this guy!

CRAWFORD GUARANTEE 9137 BULLS

Guarantee the lone PB Angus in the lineup but not to be outdone by the Simmy boys! Breeders all over the country are realizing how good they are for CE, WW, YW, Docility! He breeds very high volume, 3 dimensional, Fertile progeny that have excellent dispositions. He mates really well with Simmental cattle as well. Guarantee will deliver better Angus cattle than you been getting, they will flat out grow with real shape and muscle. We kept many of his 2 year old bred back and looking forward to them in production! We GUARANTEE you will love em!
